

Crossroads Nursery Sickness Policy

We ask that you keep your baby at home with any of the following symptoms and/or illnesses:

Fever greater than 100°
Runny nose (other than clear)
Questionable rashes
Diarrhea
Impetigo

Active Chicken Pox
Measles
Mumps
Conjunctivitis (Pink Eye)
Croup

If your child is on antibiotics, he/she should be on the medication for at least 24 hours before coming into the nursery. If your baby or toddler has a continually-clear runny nose or non-contagious rash due to allergies, please let a nursery worker know. We realize that some symptoms hang on long after the child is no longer contagious. Remember, we want all of our babies and toddlers to remain healthy and happy.
